CONTAINER,  
LLC**

a Novvia Group Company

## ECOCLEAN

At Southern Container, we are dedicated to doing our part for a more sustainable future. Our EcoClean IBCs have undergone extensive cleaning & reconditioning services in our 92,000 square-foot facility in Dalton, Georgia.

We provide this value added service to our customers to help them achieve their ESR standards, reduce single-use plastics & supply a more cost-effective industrial packaging solution.

## SUSTAINABLE INDUSTRIAL PACKAGING

### OUR PROCESS

#### COLLECTION

We provide responsible collection for our customers. Used totes are stored inside our facility removing any environmental liability associated with elemental exposure.

#### RECONDITIONING

The interior and exterior of the used tote is vacuumed, power washed, and flushed followed by advanced leak detection testing to ensure full functionality of the container.

#### RE-USE

Upon final completion, the Southern Container reconditioned EcoClean totes are stored in our warehouse and certified for re-sale to our customers.

## ECORENEW

At Southern Container, we are dedicated to doing our part for a more sustainable future. Our EcoReNew IBCs have undergone cleaning & remanufacturing services in our 92,000 square-foot facility in Dalton, Georgia.

We provide this value added service to our customers to help them achieve their ESR standards, reduce single-use plastics & supply a more cost-effective industrial packaging solution.

### SUSTAINABLE INDUSTRIAL PACKAGING

## OUR PROCESS

### COLLECTION

We provide responsible collection for our customers. Used totes are stored inside our facility removing any environmental liability associated with elemental exposure.

### REMANUFACTURING

The bottle of the used tote is removed and converted to scrap and sent to a recycler to be used for other plastic items. The cage is cleaned and a new bottle is added by hand ensuring the proper fit.

### RE-USE

Upon final completion, the Southern Container EcoReNew remanufactured totes are stored in our warehouse and certified for distribution to our customers.
